

# SOLAR 'N' SAT

## ABC1, ABC2, SBS1 AND SBS2 VIA SATELLITE

Solar N Sat can supply the equipment to tune into the ABC & SBS networks via the Optus D1 satellite. The decoder box comes pre-tuned so all you need to do is mount your satellite dish, plug in your decoder box and tune your dish to the Optus D1 satellite. The kit comes complete with everything you need for perfect digital reception.

Your kit includes the following

65cm Satellite Dish  
Tin, Tile or Wall mount bracket  
Quality Satellite Decoder Box  
Satellite Finder (for tuning in your dish)  
15mtrs Cable (from dish to decoder box)  
Wallplate  
Easy to read Instructions

Once you purchase your kit there is no more expense, just enjoy crystal clear reception free

**ABC/SBS SATELLITE KIT \$ 295.00**
